Mark Flinn

From Wikipedia, the free encyclopedia

This article has multiple issues. Please help **improve it** or discuss these issues on the **talk page**. [hide]

(Learn how and when to remove these template messages)

- This biographical article **is written like a résumé**. *(October 2020)*
- This article **may rely excessively on sources too closely associated with the subject**, potentially preventing the article from being verifiable and neutral. *(October 2020)*

Mark V. Flinn is a biomedical anthropologist, specializing in childhood stress, family relationships and health. His research includes a longitudinal 30-year study of a rural community on the East coast of Dominica. Flinn is currently a professor at the Baylor University and an Elected Fellow of the American Association for the Advancement of Science, the Association for Psychological Science, and the Human Biology Association. He is a past president of the Human Behavior and Evolution Society.[1][2][3][4]
